August 25th, 2020 as of 4:00 p.m.

We have all had to adjust our daily lives to keep ourselves, our family and our community safe and healthy throughout the COVID-19 pandemic. We must continue to make safe choices so schools that are reopening are able to maintain safe environments for their students and staff, and so other schools may be able to reopen in the future. Everyone needs to do their part to minimize community spread of COVID-19 and preserve the health of our communities:

- Wear a mask in public
- Keep 6 feet apart
- Wash your hands
- Stay home if you can
- Stay home if you are sick!

More information on how to stop the spread.

Our flu clinic dates will be released soon! All our clinics will be by appointment this year. When clinic dates are released, you can make an appointment by calling 414-371-2980.
